Notice of Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2002, 37 CFR 1.18 is proposed to be revised to change the patent issue fees as set forth below. As stated above, the final fees may be a different amount, and applicant should check the web site given above when paying the fee.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a))--\$655.00

By other than a small entity--\$1,310.00

(b) Issue fee for issuing a design patent:

By a small entity (Sec. 1.27(a))--\$235.00

By other than a small entity--\$470.00

(c) Issue fee for issuing a plant patent:

By a small entity (Sec. 1.27(a))--\$315.00

By other than a small entity--\$630.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Allowable Subject Matter

1. Claims 1,21,29-34,39-56 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art fails to disclose or make obvious an apparatus for measuring the constituents of a substance having a detector positioned to quantify and simultaneously detect one or more narrow portions of the near infrared spectrum created by the monochromator, and in combination with the other recited limitations of claim 1. Claims 40-43 are allowed by the virtue of dependency on the allowed claim 1.

Regarding claim 21, the prior art fails to disclose or make obvious a method of analyzing a substance having the step of isolating simultaneously the sensed radiation into one or more narrow portions of the spectrum, the step of isolating being selected from the group consisting of using stationary interferometer, and in combination with the other recited limitations of claim 21. Claims 29-32,44-48 are allowed by the virtue of dependency on the allowed claim 21.

Regarding claim 33, the prior art fails to disclose or make obvious a method of analyzing constituents of a substance in real time in a non laboratory setting to diverse and changing environmental conditions having the step of isolating the sensed radiation into one or more narrow portions of the spectrum and using an electro-optic modulator, and in combination with the other recited limitations of claim 33. Claims 34,49-52 are allowed by the virtue of dependency on the allowed claim 33.

Regarding claim 39, the prior art fails to disclose or make obvious a system for measuring constituents of substances in real time in a non-laboratory setting subject to diverse and changing environmental conditions having a monochromator having no moving optical components and isolating narrow portions of the near infrared spectrum and having a detector positioned to quantify and simultaneously detect one or more isolated narrow portions of the near infrared spectrum created by the monochromator, and in combination with the other recited limitations of claim 39. Claims 53-56 are allowed by the virtue of dependency on the allowed claim 39.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
